Hutton House Lectures

December 21, 2018

A Celebration of New York History

Today's historical community at LIU's Hutton House is as dynamic as it is diverse. Our staff of lecturers are scholars, curators, preservationists, librarians, archivists, genealogists, re-enactors and local and world-renowned historians. For the seasoned student curious about New York history, the LIU School of Professional Studies is developing more than 10 original daytime lectures for Hutton House devoted to the rich history of the Empire State.

Among the guest speakers for 2019 will be **Tweed Roosevelt**, a graduate of Harvard and chairman of the Theodore Roosevelt Institute at LIU; **J. Fernando Peña**, a graduate of Berkeley, Stanford and Harvard, former librarian for the Grolier Club in New York City and current director of the LIU Rare Books Program; **Monica Randall**, author of *The Mansions of*

Long Island's Gold Coast; and **Paul Mateyunas**, author of *North Shore Long Island: Country Houses, 1890-1950*.

"LIU is an epicenter for historical studies," said Rita Langdon, LIU Post campus historian and dean of the LIU School of Professional Studies. "We are working to preserve and strengthen the region's appreciation for New York's most valuable commodity – our cultural, social and economic history."

Founded in January 1884, the Grolier Club is the oldest existing bibliophilic club in America.

In the spirit of preservation, we are pleased to share the news that the LIU Palmer School of Library and Information Science, whose faculty will be presenting lectures in Hutton House in

the upcoming year, recently received a \$695,000 grant from the David Lion Gardiner Foundation to preserve the archives of master builder Robert Moses. (See story on back cover).

The following is an overview of our history-based lectures available in the winter term.
